

November 9th I will write you
some to night you want to know
what kind of society we have here
in Oregon well I think it is as
good as most places what I know
of it there is no duck here as I
know of, there is one german
family living two and a half
miles west of Eugene from here
they were Ellens neighbors when
we lived on the other place
but they are very nice people
they have been in Oregon a long
time they have things nice and
comfortful around them Mrs
Widmer is a splended house keeper
every thing is nice and clean in
her house Mrs Widmer is a large
peashy woman she is larger than
Adria I like her well want I have
seen of her and her has band
